

Reception Newsletter

Spring 2

It's hard to believe that we are already over halfway through our Reception year! The children have made such fantastic progress, both in their learning and in their confidence, and we are incredibly proud of them. We're looking forward to a brilliant half term ahead, filled with exciting new learning, celebrations, and plenty of fun.

This half term our learning will be based around **Beyond My Street & Spring**. You'll find our Spring 2 Knowledge Organiser attached and as always, if you have any experiences, resources or photographs to share, they are always gratefully received.

We are also incredibly excited about our Courageous Advocacy project this half term. It has really sparked the children's interest and shown their naturally caring and thoughtful nature. They have been so enthusiastic about wanting to support and protect our local wildlife, coming up with ideas, questions and plans of their own. If you have skills, resources, or unwanted items that could be repurposed for creating wildlife-friendly spaces or supporting our project, we would be truly grateful.

Polite Reminder

To help us keep the end of the day safe and running smoothly, we kindly ask parents and carers to wait until all children have been dismissed before speaking to the member of staff on the door. This ensures we can give our full attention to the children and maintain a calm, efficient dismissal. Thank you so much for your cooperation.

'Let your Light Shine' Matthew 5:16
