

Nursery's Half-Termly Newsletter – Summer 1

Welcome back everyone! It has been so lovely to welcome the children back after the Easter holidays. They all look so smart in their summer uniforms and have returned full of excitement, happiness and enthusiasm for learning. It has been wonderful to see them settle straight back into our classroom rules and routines so quickly. The children have also been so eager to share all the lovely things they got up to over the Easter break and we have loved hearing all about their adventures. As a reminder, please do continue to upload any exciting news, special moments or visits you have been on at home to Tapestry, as we love sharing these with the class in school.

Our New Topic: Growing and Changing

We are absolutely loving our new topic, 'Growing and Changing'. The children have been really engaged and have thoroughly enjoyed learning about the life cycle of a butterfly through our key text, The Very Hungry Caterpillar. We are eagerly awaiting the arrival of our very own caterpillars next week, which will help us continue and bring this learning to life. So far, we have been sequencing the butterfly life cycle through songs, stories, movement and visual activities. The children's use of subject-specific vocabulary and their understanding of the different stages has been so impressive. Please do ask your child about the life cycle of a butterfly - I am sure they will be excited to tell you all about it!

Please see this term's Knowledge Organiser below, which outlines the key learning and vocabulary we will be focusing on throughout the half term.

Our Trip to Martin Mere

Polite reminder about our upcoming trip to WWT Martin Mere on Thursday 4th June. This will be a wonderful opportunity for the children and is always a fantastic day that they thoroughly enjoy. Please ensure that you log on to the MyEd app to complete the permission form and make the contribution payment as soon as possible.

Thank you, as always, for your continued support.

Miss Hayde and the Nursery Team

Jesus said, 'Come follow me, live your lives the way God wants you to.'
